EDISON ELECTRIC INSTITUTE

# INDEX TO 1966 EDISON ELECTRIC INSTITUTE BULLETIN

## Volume 34

| Issue | Pages |
|---|---|
| January (2 Sections) | 1-32 |
| February | 33-64 |
| March | 65-96 |
| April | 97-128 |
| May | 129-160 |
| June-July | 161-244 |
| August | 245-284 |
| September | 285-316 |
| October (2 Sections) | 317-348 |
| November | 349-404 |
| December | 405-436 |

## General Index

A

Accident Prevention
  Accident Prevention Committee Meeting, 272, 430.
Accident Prevention Committee Meeting, 272, 430.
Accountants Will Meet in New Orleans, May 2-4, 69.
Accounting
  Accountants Will Meet in New Orleans, May 2-4, 69.
  Demand Meter Charts Read by Scanner in 12 Seconds, 92.
  Instant Management-and Earnings Per Share—Keith Turley, 417.
  Modern Systems Management—Lieut. Gen. Arthur C. Trudeau, USA Ret., 25.
  Report on EEI-AGA Accounting Conference, 130
  Seminar Evaluates the Role of EDP Within the Utility, 415.
Accounting Division Committees, 357.
A Forward Step for Electric Utility Research, 146.
Air Pollution
  Avila Comments on Electric Vehicles and Cleaner Air, 341.
  Clean Air—A Challenge to Coal—W. Donham Crawford, 259.
  Final Summary Report on EEI-AEIC-BCR Cooperative Research Program on Control of Sulfur Oxides in Flue Gases, 425.
  $4.3 Million May Be Spent on Air Pollution Research by Electric, Coal Industries, 121.
AEP Announces Big Appalachia Program, 58.
AEP Computer Solves Engineering Problems, 149.
American Electric Power to Build 765,000-Volt Transmission Network, 147.
American Power Conference
  Managing Director of EEI Cited by Power Conference, 141.
  37 Sessions Scheduled for Meeting of the American Power Conference, 85.
An Esthetic Alternative: What Underground Distribution Means for the Electric Utility Company—B. G. Campbell, 116.
Area Development
  Computer Age Challenges on Workshop Agenda, 297.
Avila Comments on Electric Vehicles and Cleaner Air, 341.
Avila Elected Vice President of Edison Electric Institute, 168.
Awards
  Cisler Awarded John Fritz Medal, 419.
  Con Edison Gets Edison Award for Its Application of Underground EHV Transmission, 172.
  EEI Sales Promotion Awards Winners, 115.
  11 Life-Saving Medals Awarded, 311.
  Four Companies Nominated for The Edison Award, 37.
  Managing Director of EEI Cited by Power Conference, 141.
  114 Safety Achievement Awards Presented, 309.

B

Better Light Better Sight
  BLBS Bureau Launches First Full-Scale Study Lamp Tag Program—Edward A. Campbell, 82.
Biographies of Speakers, 103.
Boston Edison Speeds Trouble-Call Response With New System, 429.
Builder of All-Electric John Hancock Center to Speak at Heating Show, 16.
Building Today for Your Electric Tomorrow—Robert T. Person, 176.
Business and Government—Thomas S. Gates, 187.

C

Case Example—the Economics of Esthetics: Industry Must Take the Initiative, 10.
Change—The Route to Survival—C. H. Faulkner, 286.
Cisler Awarded John Fritz Medal, 419.
Clapp Seeks Greater Emphasis on Industry's Sales Programs, 166.
Clapp, William J.—Elected President of the Institute, 166.
Clean Air—A Challenge to Coal—W. Donham Crawford, 259.
Cleveland Utility Starts Biggest Expansion Program, 60.
Commercial Future of Nuclear Power, The—William Webster, 326.
Committee Activities of the Institute for 1966 and 1967, 350.
Committees of the Board of Directors, 351.
Computer Age Challenges on Workshop Agenda, 297.
Computers
  AEP Computer Solves Engineering Problems, 149.
Con Edison Adding a 500,000-kw Unit, 31.
Con Edison Gets Award for Its Application of Underground EHV Transmission, 172.
Conservation
  Three Utilities Plan Vast Conservation, Recreation Project, 79.
Construction
  American Electric Power to Build 765,000-Volt Transmission Network, 147.
  Cleveland Utility Starts Biggest Expansion Program, 60.
  Joint Stations Planned on Banks of Delaware, 90.
  New England Companies to Spend $1.5 Billion on New Construction, 93.
  Person Tells Security Analysts: Industry Construction Costs by 1980 May Reach $12 Billion Per Year, 8.
  Two Companies Consider Building Joint Stations, 89.
Consumers Power Plans 700,000-Kw A-Plant, 59.
Conventions and Meetings
  Accident Prevention Committee Meeting, 272, 430.
  Accountants Will Meet in New Orleans, May 2-4, 69.
  Change—The Route to Survival—C. H. Faulkner, 286.
  Computer Age Challenges on Workshop Agenda, 297.

EEI's Round Table Conference—Clapp Says R&D Essential to Progress of Industry, 330.
EEI Sales Conference Annual Meeting Is Held in Chicago, March 28-30, 110.
Electrical System and Equipment Committee Meeting, 123, 271.
Get Home Economist Out of Kitchen, Smith Says, 411.
Home Service Sales Role Emphasized at Conference, 45.
Housepower!—William J. Clapp, 406.
Hydraulic Power Committee Meeting, 153.
Industrial Relations Committee Hears Fannin, 135.
Industrial Sales Workshop to Be Held by EEI, 428.
Instant Management—and Earnings Per Share—Keith Turley, 417.
LBE Women's Conference Held Jan. 13-15, 13.
Managing Materials for Profit—R. M. Mills, 136.
Meter and Service Committee Meetings, 155, 346.
Modern Systems Management—Lieut. Gen. Arthur C. Trudeau, USA Ret., 25.
'Patterns for Profit' to Be the Theme of P&S Committee Meeting, 78.
Prime Movers Committee Meeting, 122, 277, 432.
Program Set for 19th Annual Round Table Conference, 249.
Report on EEI-AGA Accounting Conference, 130.
'Rx for 1966—Sell' Is Theme of EEI Sales Conference, 51.
Sales Conference Scores With Exhibits Program, 149.
Seminar Evaluates the Role of EDP Within the Utility, 415.
Seminar Reviews Electric Cooking, Water Heating, 140.
Spice of Life, The—William B. Shenk, 47.
Street Lighting Workshop Held, 345.
System Planning Committee Meeting, 433.
Tall Trees Catch Much Wind—W. W. Aston, 292.
Theme of Round Table Conference: 'Management Roadmap for Tomorrow', 159.
Three-Day Symposium on Fly Ash—Utilization Scheduled in March, 1967, 336.
Transmission and Distribution Committee Meeting, 28, 151, 274.
Transportation Committee Meeting, 278.

Conversion Market
Selling the Conversion Market—P. M. Whichard, 86.

Co-op City to Have Biggest Heating, Cooling System, 267.

Coordination and Continuity of Electric Power Supply—Walker L. Cisler, 192.

Customer Service
Boston Edison Speeds Trouble-Call Response With New System, 429.

Czechoslovakia
Electric Power in Czechoslovakia, 139.

D

Demand Meter Charts Read by Scanner in 12 Seconds, 92.

Detroit Edison, Consumers Power Plan Power Pool Control Center, 343.

Developing Tomorrow's Managers—S. F. Leahy, 66.

Development of Effective Bonds Between Universities and Industry—Eric T. B. Gross, 254.

Development of Fluid Metal MHD Power Conversion, 22.

Dresden to Have Third Atomic Unit, 58.

Dreyfuss Retained to Improve Transmission Structure Designs, 253.

Duke Power Approves Huge Atomic Project, 270.

Duquesne to Construct $70 Million Station, 58.

E

Economics
Government Compulsion and Economic Aspects—Hon. W. Ross Thatcher, 224.

Edison and Ford Dropped Project for Electric Cars, 342.

Edison Award
Con Edison Gets Edison Award for Its Application of Underground EHV Transmission, 172.
Four Companies Nominated for The Edison Award, 37.

EEI All-Electric Building Survey—P. W. Emler, 56.

EEI Booklet Aids Companies in Recruiting, 291.

EEI Committee Activities
Accounting Division Committees, 357.
Committee Activities of the Institute for 1966 and 1967, 350.
Committees of the Board of Directors, 351.
Engineering and Operating Division Committees, 366.
General Division Committees, 374.
Power Systems Coordination Division Committees, 379.
Public, Employee and Investor Relations Division Committees, 382.
Research Division Committees, 385.
Sales Division Committees, 389.

EEI Committee Personnel
Officers, Board of Directors, Committees and Committee Personnel of the Edison Electric Institute for Administrative Year, 1966-1967, Section II, October, 1966.

EEI Convention
Avila Elected Vice President of Edison Electric Institute, 168.
Biographies of Speakers, 103.
Building Today for Your Electric Tomorrow—Robert T. Person, 176.
Business and Government—Thomas S. Gates, 187.
Clapp Seeks Greater Emphasis on Industry's Sales Programs, 166.
Clapp, William J. Elected President of the Institute, 166.
Con Edison Gets Edison Award for Its Application of Underground EHV Transmission, 172.
Coordination and Continuity of Electric Power Supply—Walker L. Cisler, 192.
EEI Convention Program for '66, 98.
Electricity in the Future—Fred J. Borch, 196.
Electric Power Industry—Its Progress and Challenges, The—Hon. Lee C. White, 236.
Expanded Research and Development—Charles F. Avila, 183.
Federal Budget: the Need for Choice—Hon. Charles L. Schultze, 203.
Four Companies Nominated for The Edison Award, 37.
Government Compulsion and Economic Aspects—Hon. W. Ross Thatcher, 224.
Industry Emphasizes 'Electric Tomorrow'—EEI's 34th Annual Convention Held in San Francisco, June 6-8, 162.
Lightweight Battery for Trucks, Buses, Autos Cited by Holifield, 243.
New Members of the EEI Board of Directors, 164.
Recent Developments and Future Challenges in Atomic Power—Hon. Chet Holifield, 229.
San Francisco—EEI Convention City, 70.
San Francisco to Be Site of EEI Convention, 35.
Total Electric A-Go-Go—Joe B. Browder, 218.
Youth: a Panel Presentation—Ashton B. Collins, Jr., Don Underwood, Ruth Whitney, 209.

EEI Convention Program for '66, 98.

EEI Membership
Two Companies Join EEI, 315.

EEI Officers
Avila Elected Vice President of Edison Electric Institute, 168.
William J. Clapp Elected President of the Institute, 166.

EEI Personnel
Kent Retires from EEI; Poarch Succeeds Him, 314.
Power Systems Coordination Division Is Established by Edison Electric Institute, 105.

EEI's Research Laboratory to Test Systems Operations, 107.

EEI's Round Table Conference—Clapp Says R&D Essential to Progress of Industry, 330.

EEI Sales Conference—Annual Meeting Is Held in Chicago, March 28-30, 110.

EEI Sales Promotion Awards Winners, 115.

Education
Developing Tomorrow's Managers—S. F. Leahy, 66.
Development of Effective Bonds Between Universities and Industry—Eric T. B. Gross, 254.
Future of Commercial Cooking, The—Bob Schneider, 300.
Industrial Sales Workshop to Be Held by EEI, 428.

Institute Develops Course to Sell Electric Heating, 343.
Salesmen Go to School to Learn More About Problems of Chefs, 298.
EHV Interconnections to Link Four-State, Midwestern Area, 150.
'Electrical Farm Almanac' Answers Basic Questions on Electricity, 17.
Electrical System and Equipment
Electrical System and Equipment Committee Meeting, 123, 271.
Electrical System and Equipment Committee Meeting, 123, 271.
Electric Automobiles
Avila Comments on Electric Vehicles and Cleaner Air, 341.
Edison and Ford Dropped Project for Electric Cars, 342.
Electric-Powered Vehicles: Ford Reports on Research Efforts, 338.
Industry's Program to Develop Zinc-Air Battery Stepped Up, 305.
Other Battery Developments, 339.
Electric Future
Building Today for Your Electric Tomorrow—Robert T. Person, 176.
Electricity in the Future—Fred J. Borch, 196.
Industry Emphasizes 'Electric Tomorrow'—EEI's 34th Annual Convention Held in San Francisco, June 6-8, 162.
Electric Heating
Co-op City to Have Biggest Heating, Cooling System, 267.
EEI All-Electric Building Survey—P. W. Emler, 56
Electric Heating Conversion Market Featured in New EEI Promotion Kit, 49.
Electric Heat Is Lauded for Multi-Room Buildings, 92.
Selling the Conversion Market—P. M. Whichard, 86.
Survey Indicates Trend to All-Electric Buildings, 54.
Electric Heating Conversion Market Featured in New EEI Promotion Kit, 49.
Electric Heating Display Available from Sommers, 310.
Electric Heat Is Lauded for Multi-Room Buildings, 92.
Electric Industry
EEI Booklet Aids Companies in Recruiting, 291.
EEI's Round Table Conference—Clapp Says R&D Essential to Progress of Industry, 330.
Electric Power Industry—Its Progress and Challenges, The—Hon. Lee C. White, 236.
Highlights of 1965, 2.
'Pocketbook of Statistics' Available from Institute, 92.
"Questions and Answers' on Electric Utility Industry Now Available, 414.
'Story of the Electric Utility Industry'—Colorful Chart Book Gives A Glimpse of the Industry, 14.
Year-End Statement by EEI President: Many New Records Set By the Industry in 1965, 3.
Electricity in the Future—Fred J. Borch, 196.
Electric Living
Builder of All-Electric John Hancock Center to Speak at Heating Show, 16.
EEI All-Electric Building Survey—P. W. Emler, 56.
Get Home Economist Out of Kitchen, Smith Says, 411.
Housepower!—William J. Clapp, 406.
London's 'Top' Restaurant Has All-Electric Kitchen, 313.
Selling the Conversion Market—P. M. Whichard, 86.
Seminar Reviews Electric Cooking, Water Heating, 140.
Survey Indicates Trend to All-Electric Buildings, 54.
Total Electric A-Go-Go—Joe B. Browder, 218.
Electric-Powered Vehicles: Ford Reports on Research Efforts, 338.
Electric Power Industry—Its Progress and Challenges, The—Hon. Lee C. White, 236.
Electric Range Cook Book Available, 403.
Electrification Council, The
It's Now 'The Electrification Council', 144.
Electronic Data Processing
Modern Systems Management—Lieut. Gen. Arthur C. Trudeau, USA, Ret., 25.
Electronic Data Processing
Seminar Evaluates the Role of EDP Within the Utility, 415.
11 Life-Saving Medals Awarded, 311.
Engineering
AEP Computer Solves Engineering Problems, 149.
Engineering and Operating Division Committees, 366.
Esthetics
An Esthetic Alternative: What Underground Distribution Means for the Electric Utility Company—B. G. Campbell, 116.
Case Example—the Economics of Esthetics: Industry Must Take the Initiative—Shermer L. Sibley, 10.
Scenery and Electricity, Too, 304.
Expanded Research and Development—Charles F. Avila, 183.
Extra-High Voltage
American Electric Power to Build 765,000-Volt Transmission Network, 147.
Niagara Mohawk to Build EHV Link to New England, 313.
Virginia E&P Dedicates EHV Transmission System, 313.

F

Farm Better Electrically
'Electrical Farm Almanac' Answers Basic Questions on Electricity, 17.
Federal Budget: the Need for Choice, The—Hon. Charles L. Schultze, 203.
Federal Government
Federal Budget: the Need for Choice—Hon. Charles L. Schultze, 203.
Government Compulsion and Economic Aspects—Hon. W. Ross Thatcher, 224.
1966—the Pay Maze Craze—F. J. Funari, 250.
Final Report on Fly Ash Utilization Research Program—M. J. Snyder, A. J. Roese, R. I. Hunter, P. Gluck, 420.
Final Report on Superheater Tube Materials Research Project—R. C. Fitzgerald, 306.
500,000-Kw A-Plant Is Scheduled by NSP, 149.
5500 New Guides Mailed, 337.
Fly Ash
Final Report on Fly Ash Utilization Research Program—M. J. Snyder, A. J. Roese, R. I. Hunter, P. Gluck, 420.
Fly Ash Utilization Research Program—M. J. Snyder, A. J. Roese, R. I. Hunter, P. Gluck, 38.
Three-Day Symposium on Fly Ash-Utilization Sheduled in March, 1967, 336.
Fly Ash Utilization Research Program—M. J. Snyder, A. J. Roese, R. I. Hunter, P. Gluck, 38.
Four Companies Nominated for The Edison Award, 37.
450,000-Kw A-Plant Is Planned in Vermont, 21.
$4.3 Million May Be spent on Air Pollution Research by Electric, Coal Industries, 121.
Future of Commercial Cooking, The—Bob Schneider, 300.

G

General Division Committees, 374.
Generation and Distribution
AEP Announces Big Appalachia Program, 58.
Cleveland Utility Starts Biggest Expansion Program, 60.
Con Edison Adding a 500,000-kw Unit, 31.
Duquesne to Construct $70 Million Station, 58.
Huge Towers to Cool and Recirculate Water Are Being Built at Power Station, 21.
IEEE Plans Underground Distribution Meeting, 279.
Joint Stations Planned on Banks of Delaware, 90.
Kentucky Power to Add 800,000-Kw Generator, 148.
New England Companies to Spend $1.5 Billion on New Construction, 93.
Ohio Power Considers Plants at U. S. Dams, 59.
Public Service to Add Two 125,000-Kw Units, 149.
Three Ohio Power Companies Plan 2 Million-KW Station, 9.
Two Companies Consider Building Joint Stations, 89.
Get Home Economist Out of Kitchen, Smith Says, 411.
Government
Business and Government—Thomas S. Gates, 187.
Government Compulsion and Economic Aspects—Hon. W. Ross Thatcher, 224.

H

Heat Pumps
Heat Pumps Improved Under Institute Research Program, 307.
Heat Pumps Improved Under Institute Research Program, 307.
Highlights of 1965, 2.
High-Voltage Underground Transmission to Be Studied in $17-Million Project, 344.
Home Service Sales Role Emphasized at Conference, 45.
Housepower!—William J. Clapp, 406.
Huge Towers to Cool and Recirculate Water Are Being Built at Power Station, 21.
Hydraulic Power
Hydraulic Power Committee Meeting, 153.
Hydraulic Power Committee Meeting, 153.

I

Industrial Market
New Program Aimed at Increasing the Industrial Use of Electricity, 335.
Industrial Relations
Change—The Route to Survival—C. H. Faulkner, 286.
EEI's Round Table Conference—Clapp Says R&D Essential to Progress of Industry, 330.
Industrial Relations Committee Hears Fannin, 135.
Program Set for 19th Annual Round Table Conference, 249.
Tall Trees Catch Much Wind—W. W. Aston, 292.
Theme of Round Table Conference: 'Management Roadmap for Tomorrow', 159.
Industrial Relations Committee Hears Fannin, 135.
Industrial Sales Workshop to Be Held by EEI, 428.
Industry Emphasizes 'Electric Tomorrow'—EEI's 34th Annual Convention Held in San Francisco, June 6-8, 162.
Industry's Program to Develop Zinc-Air Battery Stepped Up, 305.
Instant Management—and Earnings Per Share, 417.
Institute Continues Research on Electrical Resuscitation—Robert J. Fox, 265.
Institute Develops Course to Sell Electric Heating, 343.
IEEE Plans Underground Distribution Meeting, 279.
Interconnection and Pooling
Coordination and Continuity of Electric Power Supply—Walker L. Cisler, 192.
Detroit Edison, Consumers Power Plan Power Pool Control Center, 343.
EHV Interconnections to Link Four-State, Midwestern Area, 150.
Niagara Mohawk to Build EHV Link to New England, 313.
22 Electric Utility Systems Organize Northeast Power Coordinating Council, 52.
It's Now 'The Electrification Council', 144.

J

Joint Stations Planned on Banks of Delaware, 90.

K

Kent Retires from EEI; Poarch Succeeds Him, 314.
Kentucky Power to Add 800,000-Kw Generator, 148.

L

Lamps
N. Y. Light Bulb Center Shows Lamps of Future, 91.
Lighting
Lighting Presentation Features Slides, Text, 148.
Lightning
Progress Report on: EEI Mechanism of Lightning Flashover Research Project—H. R. Armstrong, 142.
Lighting Presentation Features Slides, Text, 148.
Lightweight Battery for Trucks, Buses, Autos Cited by Holifield, 243.
Live Better Electrically
Builder of All-Electric John Hancock Center to Speak at Heating Show, 16.
Get Home Economist Out of Kitchen, Smith Says, 411.
Home Service Sales Role Emphasized at Conference, 45.
Housepower!—William J. Clapp, 406.
LBE Adds Newsweeklies to Its Advertising Program for Next Year, 318.
LBE Four-Page Ad to Appear in 'Life' March 4, 53.
LBE Women's Conference Held Jan. 13-15, 13.
Spice of Life, The—William B. Shenk, 47.
LBE Adds Newsweeklies to Its Advertising Program for Next Year, 318.
LBE Four-Page Ad to Appear in 'Life' March 4, 53.
LBE Women's Conference Held Jan. 13-15, 13.
London's 'Top' Restaurant Has All-Electric Kitchen, 313.

M

Magnetohydrodynamics
Development of Fluid Metal MHD Power Conversion, 22.
Management
Developing Tomorrow's Managers—S. F. Leahy, 66.
Instant Management—and Earnings Per Share—Keith Turley, 417.
Managing Director of EEI Cited by Power Conference, 141.
Managing Materials for Profit—R. M. Mills, 136.
Meter and Service
Meter and Service Committee Meeting, 155, 346.
Old Meters Help Handicapped, 433.
Three Millionth AC Meter Installed by Con Edison, 148.
Meter and Service Committee Meeting, 155, 346.
Modern Systems Management—Lieut. Gen. Arthur C. Trudeau, USA Ret., 25.
Motion Display Sells Laundry Equipment, 344.

N

National Electrical Week
5500 New Guides Mailed, 337.
New England Companies to Spend $1.5 Billion on New Construction, 93.
New Program Aimed at Increasing the Industrial Use of Electricity, 335.
New R&D Report Published by EEI, 90.
N. Y. Light Bulb Center Shows Lamps of Future, 91.
Niagara Mohawk to Build EHV Link to New England, 313.
Nine Carloads of Bulbs Given by Northern States, 60.
1966—the Pay Maze Craze—F. J. Funari, 250.
Northeast Utilities
Officers Are Named by Northeast Utilities, 315.
Nuclear Plant Will Be Built in Vermont, 313.
Nuclear Power
Commercial Future of Nuclear Power, The—William Webster, 326.
Consumers Power Plans 700,000-Kw A-Plant, 59.
Dresden to Have Third Atomic Unit, 58.
Duke Power Approves Huge Atomic Project, 270.
500,000-Kw A-Plant Is Scheduled by NSP, 149.
450,000-Kw A-Plant Is Planned in Vermont, 21.
Nuclear Plant Will Be Built in Vermont, 313.
Peach Bottom A-Plant Goes into Operation, 90.
Philadelphia Electric Buys Uranium for Three Projects, 345.
Plutonium Meeting Scheduled March 1-2, 9.
Plutonium Utilization Research Program Announced by Electric Power Industry, 50.
Recent Developments and Future Challenges in Atomic Power—Hon. Chet Holifield, 229.
Two A-Plants Planned for Delaware Valley, 313.
Two Utilities to Build A-Station in Illinois, 148.
Wisconsin Electric Power Schedules Nuclear Plant, 60.

O

Obituaries
Ackers, Deane E., 146.
Babcock, W. W., 95.
Beckjord, Walter C., 24.
Farrington, W. H., 124.
Kammer, H. A., 127.
McDonald, Lyle, 156.
Ramsey, H. N., 42.
Reynolds, Lester E., 127.
Officers Are Named by Northeast Utilities, 315.
Officers, Board of Directors, Committees and Committee Personnel of the Edison Electric Institute for Administrative Year, 1966-1967, Section II, October, 1966.
Ohio Power Considers Plants at U. S. Dams, 59.
Old Meters Help Handicapped, 433.
114 Safety Achievement Awards Presented, 309.
Other Battery Developments, 339.

P

'Patterns for Profit' to Be the Theme of P&S Committee Meeting, 78.
Peach Bottom A-Plant Goes into Operation, 90.
Person Tells Security Analysts: Industry Construction Costs by 1980 May Reach $12 Billion Per Year, 8.
Person Tells Senate Group of Industry's Position on Rural Co-op Financing, 106.
Philadelphia Electric Buys Uranium for Three Projects, 345.
Physiological Effects of High-Intensity Radiant Beam Heating Research Project, 43.
Pipe Welds
  Thermal Stress Relief of Pipe Welds, 427.
Plutonium Meeting Scheduled March 1-2, 9.
Plutonium Utilization Research Program Announced by Electric Power Industry, 50.
'Pocketbook of Statistics' Available from Institute, 92.
Power Systems Coordination Division
  Power Systems Coordination Division Is Established by Edison Electric Institute, 105.
Power Systems Coordination Division Committees, 379.
Power Systems Coordination Division Is Established by Edison Electric Institute, 105.
Prime Movers
  Prime Movers Committee Meeting, 122, 277, 432.
Prime Movers Committee Meeting, 122, 277, 432.
Program Set for 19th Annual Round Table Conference, 249.
Progress Report on A-C/D-C System Operation Research Program, 268.
Progress Report on EEI Flame Research Project, 145.
Progress Report on: EEI Mechanism of Lighting Flashover Research Project—H. R. Armstrong, 142.
Promising Sprout Inhibitor Developed Under EEI Tree Growth Control Research Project, 125.
Publications
  EEI Booklet Aids Companies in Recruiting, 291.
  'Electrical Farm Almanac' Answers Basic Questions on Electricity, 17.
  Electric Range Cook Book Available, 403.
  Lighting Presentation Features Slides, Text, 148.
  New R&D Report Published by EEI, 90.
  'Pocketbook of Statistics' Available from Institute, 92.
  'Questions and Answers' on Electric Utility Industry Now Available, 414.
  Report on Physiological Effects of Sulfur Oxides Published by EEI, 263.
  'Story of the Electric Utility Industry'—Colorful Chart Book Gives a Glimpse of the Industry, 14.
Public, Employee and Investor Relations Division Committees, 382.
Purchasing and Stores
  Managing Materials for Profit—R. M. Mills, 136.
  'Patterns for Profit' to Be the Theme of P&S Committee Meeting, 78.

Q

Quarter-Billion-Dollar Residential Program, The, 246.
'Questions and Answers' on Electric Utility Industry Now Available, 414.

R

Recent Development and Future Challenges in Atomic Power—Hon. Chet Holifield, 229.
Recreation
  Three Utilities Plan Vast Conservation, Recreation Project, 79.
Removal of Sulfur Dioxide Sought in Met Ed Project, 148.
Report on EEI-AGA Accounting Conference, 130.
Report on Physiological Effects of Sulfur Oxides Published by EEI, 263.
Research and Development
  A Forward Step for Electric Utility Research, 146.
  Avila Comments on Electric Vehicles and Cleaner Air, 341.
  Development of Fluid Metal MHD Power Conversion, 22.
  Dreyfuss Retained to Improve Transmission Structure Designs, 253.
  EEI's Research Laboratory to Test Systems Operations, 107.
  EEI's Round Table Conference—Clapp Says R&D Essential to Progress of Industry, 330.
  Electric-Powered Vehicles: Ford Reports on Research Efforts, 338.
  Expanded Research and Development—Charles F. Avila, 183.
  Final Report on Fly Ash Utilization Research Program—M. J. Snyder, A. J. Roese, R. I. Hunter, P. Gluck, 420.
  Final Report on Superheater Tube Materials Research Project—R. C. Fitzgerald, 306.
  Final Summary Report on EEI-AEIC-BCR Cooperative Research Program on Control of Sulfur Oxides in Flue Gases, 425.
  Fly Ash Utilization Research Program—M. J. Snyder, A. J. Roese, R. I. Hunter, P. Gluck, 38.
  $4.3 Million May Be Spent on Air Pollution Research by Electric, Coal Industries, 121.
  Heat Pumps Improved Under Institute Research Program, 307.
  High-Voltage Underground Transmission to be Studied in $17-Million Project, 344.
  Industry's Program to Develop Zinc-Air Battery Stepped Up, 305.
  Institute Continues Research on Electrical Resuscitation—Robert J. Fox, 265.
  Lightweight Battery for Trucks, Buses, Autos Cited by Holifield, 243.
  New R & D Report Published by EEI, 90.
  Other Battery Developments, 339.
  Physiological Effects of High-Intensity Radiant Beam Heating Research Project, 43.
  Plutonium Utilization Research Program Announced by Electric Power Industry, 50.
  Progress Report on A-C/D-C System Operation Research Program, 268.
  Progress Report on EEI Flame Research Project, 145.
  Progress Report on: EEI Mechanism of Lightning Flashover Research Project—H. R. Armstrong, 142.
  Promising Sprout Inhibitor Developed Under EEI Tree Growth Control Research Project, 125.
  Removal of Sulfur Dioxide Sought in Met Ed Project, 148.
  Report on Physiological Effects of Sulfur Oxides Published by EEI, 263.
  Thermal Stress Relief of Pipe Welds, 427.
  Utility Develops Signaling Device as an Aid for Crippled Children, 119.
Research Division Committees, 385.
Residential
  Quarter-Billion-Dollar Residential Program, The, 246.
Resuscitation
  Institute Continues Research on Electrical Resuscitation—Robert J. Fox, 265.
Rules for Successful Freezing of Foods Explained in Booklet Published by EEI, 314.
Rural Electrification
  Person Tells Senate Group of Industry's Position on Rural Co-op Financing, 106.
'Rx for 1966—Sell" Is Theme of EEI Sales Conference, 51.

S

Safety
  Accident Prevention Committee Meeting, 272, 430.
  11 Life-Saving Medals Awarded, 311.
  114 Safety Achievement Awards Presented, 309.
Salaries
  1966—the Pay Maze Craze—F. J. Funari, 250.
Sales and Sales Promotion
  Clapp Seeks Greater Emphasis on Industry's Sales Programs, 166.
  EEI Sales Conference Annual Meeting Is Held in Chicago, March 28-30, 110.
  EEI Sales Promotion Awards Winners, 115.
  Electric Heating Conversion Market Featured in New EEI Promotion Kit, 49.
  Electric Heating Display Available from Sommers, 310.
  Electric Range Cook Book Available, 403.
  Future of Commercial Cooking, The—Bob Schneider, 300.
  Institute Develops Course to Sell Electric Heating, 343.

LBE Adds Newsweeklies to Its Advertising Program for Next Year, 318.
Motion Display Sells Laundry Equipment, 344.
New Program Aimed at Increasing the Industrial Use of Electricity, 335.
Nine Carloads of Bulbs Given by Northern States, 60
Quarter-Billion Dollar Residential Program, The, 246.
Rules for Successful Freezing of Foods Explained in Booklet Published by EEI, 314.
'Rx for 1966—Sell' Is Theme of EEI Sales Conference, 51.
Sales Conference Scores With Exhibits Program, 149.
Salesmen Go to School to Learn More About Problems of Chefs, 298.
Theme of EEI Promotion: 'Keeping Up With the 60's,' 138.
Sales Conference Scores With Exhibits Program, 149.
Sales Division Committees, 389.
Salesmen Go to School to Learn More About Problems of Chefs, 298.
San Francisco to Be Site of EEI Convention, 35.
Scenery and Electricity, Too, 304.
Selling the Conversion Market—P. M. Whichard, 86.
Seminar Reviews Electric Cooking, Water Heating, 140.
65,000 Service Voltage Tests Across the USA—J. W. Anderson, 18.
Spice of Life, The—William B. Shenk, 47.
'Story of the Electric Utility Industry'—Colorful Chart Book Gives a Glimpse of the Industry, 14.
Street Lighting
Street Lighting Workshop Held, 345.
Sulfur Dioxide
Removal of Sulfur Dioxide Sought in Met Ed Project, 148.
Sulfur Oxides
Final Summary Report on EEI-AEIC-BCR Cooperative Research Program on Control of Sulfur Oxides in Flue Gases, 425.
Report on Physiological Effects of Sulfur Oxides Published by EEI, 263.
Survey Indicates Trend to All-Electric Buildings, 54.
Surveys and Reports
EEI All-Electric Building Survey—P. W. Emler, 56.
Survey Indicates Trend to All-Electric Buildings, 54.
System Planning
System Planning Committee Meeting, 433.
System Planning Committee Meeting, 433.

T

Tall Trees Catch Much Wind—W. W. Aston, 292.
Theme of EEI Promotion: 'Keeping Up With the 60's', 138.
Theme of Round Table Conference: 'Management Roadmap for Tomorrow', 159.
Thermal Stress Relief of Pipe Welds, 427.
37 Sessions Scheduled for Meeting of the American Power Conference, 85.
Three-Day Symposium on Fly Ash-Utilization Scheduled in March, 1967, 336.
Three Millionth AC Meter Installed by Con Edison, 148.
Three Ohio Power Companies Plan 2 Million-KW Station, 9.
Three Utilities Plan Vast Conservation, Recreation Project, 79.
Total Electric A-Go-Go—Joe B. Browder, 218.
Transmission and Distribution
American Electric Power to Build 765,000-Volt Transmission Network, 147.
Dreyfuss Retained to Improve Transmission Structure Designs, 253.
65,000 Service Voltage Tests Across the USA—J. W. Anderson, 18.
Transmission and Distribution Committee Meeting, 28, 151, 274.
Virginia E&P Dedicates EHV Transmission System, 313.
Transmission and Distribution Committee Meeting, 28, 151, 274.
Transportation
Transportation Committee Meeting, 278.
Transportation Committee Meeting, 278.
Tree Control
Promising Sprout Inhibitor Developed Under EEI Tree Growth Control Research Project, 125.
22 Electric Utility Systems Organize Northeast Power Coordinating Council, 52.
Two A-Plants Planned for Delaware Valley, 313.
Two Companies Consider Building Joint Stations, 89.
Two Companies Join EEI, 315.
Two Utilities to Build A-Station in Illinois, 148.

U

Underground Distribution
An Esthetic Alternative: What Underground Distribution Means for the Electric Utility Company—B. G. Campbell, 116.
Underground Transmission
Con Edison Gets Edison Award for Its Application of Underground EHV Transmission, 172.
High-Voltage Underground Transmission to Be Studied in $17-Million Project, 344.
Utility Develops Signaling Device as an Aid for Crippled Children, 119.

V

Virginia E&P Dedicates EHV Transmission System, 313.
Voltages
65,000 Service Voltage Tests Across the USA—J. W. Anderson, 18.

W

Wisconsin Electric Power Schedules Nuclear Plant, 60.

Y

Year-End Statement
Highlights of 1965, 2.
Year-End Statement by EEI President: Many New Records Set By the Industry in 1965, 3.
Year-End Statement by EEI President: Many New Records Set By the Industry in 1965, 3.
Youth
Youth: a Panel Presentation—Ashton B. Collins, Jr., Don Underwood, Ruth Whitney, 209.

## Author's Index

A

Anderson, J. W.
65,000 Service Voltage Tests Across the USA, 18.
Armstrong, H. R.
Progress Report on: EEI Mechanism of Lightning Flashover Research Project, 142.
Aston, W. W.
Tall Trees Catch Much Wind, 292.
Avila, Charles F.
Expanded Research and Development, 183.

B

Borch, Fred J.
Electricity in the Future, 196.
Browder, Joe B.
Total Electric A-Go-Go, 218.

C

Campbell, B. G.
An Esthetic Alternative: What Underground Distribution Means for the Electric Utility Company, 116.
Campbell, Edward A.
BLBS Bureau Launches First Full-Scale Study Lamp Tag Program, 82.
Cisler, Walker L.
Coordination and Continuity of Electric Power Supply, 192.
Clapp, William J.
Housepower!, 406.
Collins, Ashton B., Jr.
Youth: a Panel Presentation, 209.
Crawford, W. Donham
Clean Air-A Challenge to Coal, 259.

E

Emler, P. W.
EEI All-Electric Building Survey, 56.

F

Faulkner, C. H.
Change—The Route to Survival, 286.
Fitzgerald, R. C.
Final Report on Surperheater Tube Materials Research Project, 306.
Fox, Robert J.
Institute Continues Research on Electric Resuscitation, 265.
Funari, F. J.
1966—the Pay Maze Craze, 250.

G

Gates, Thomas S.
Business and Government, 187.
Gluck, P.
Final Report on Fly Ash Utilization Research Program, 420.
Fly Ash Utilization Research Program, 38.
Gross, Eric T. B.
Development of Effective Bonds Between Universities and Industry, 254.

H

Holifield, Chet, The Hon.
Recent Developments and Future Challenges in Atomic Power, 229.
Hunter, R. I.
Final Report on Fly Ash Utilization Research Program, 420.
Fly Ash Utilization Research Program, 38.

L

Leahy, S. F.
Developing Tomorrow's Managers, 66.

P

Person, Robert T.
Building Today for Your Electric Tomorrow, 176.

R

Roese, A. J.
Final Report on Fly Ash Utilization Research Program, 420.
Fly Ash Utilization Research Program, 38.

S

Schneider, Bob
Future of Commercial Cooking, The, 300.
Schultze, Charles L., The Hon.
Federal Budget: the Need for Choice, 203.
Shenk, William B.
Spice of Life, The, 47.
Sibley, Shermer L.
Case Example—the Economics of Esthetics: Industry Must Take the Initiative, 10.
Snyder, M. J.
Final Report on Fly Ash Utilization Research Program, 420.
Fly Ash Utilization Research Program, 38.

T

Thatcher, W. Ross, The Hon.
Government Compulsion and Economic Aspects, 224.
Trudeau, Arthur C., Lieut. Gen. USA, Ret.
Modern Systems Management, 25.
Turley, Keith
Instant Management—and Earnings Per Share, 417.

U

Underwood, Don
Youth: a Panel Presentation, 209.

W

Webster, William
Commercial Future of Nuclear Power, The, 326.
Whichard, P. M.
Selling the Conversion Market, 86.
White, Lee C., The Hon.
Electric Power Industry—Its Progress and Challenges, The, 236.
Whitney, Ruth
Youth: a Panel Presentation, 209.
